“If your taxes are too high, it is likely because you missed the opportunity to protest your value last year and, unless there is an error on your account, it is too late to change that now,” stated Johnson, “and we have a solution for 2012.”

Johnson will teach a class on how to “Effectively Protest Your Appraised Value.” Techniques—not tricks—are the key along with a thorough understanding of the process. Classes are free, begin at 6 pm and generally run just under two hours and have already been held in Galveston, Tiki and Friendswood. Additional classes will be held as shown below.
